

Art at Chappel Primary school

Intent

Vision Statement

At Chappel C of E (VC) Primary School we aim to provide a high quality, engaging, inspiring and challenging Art curriculum. We hope this will provide children with the knowledge and skills to experiment, invent and create their own works of art, craft and design as well as equip them with the ability to think critically and develop a rigorous understanding of art and design and it's history.

Successful pupils will:

- Be able to evaluate and analyse other artists' work and can use this to develop their own personal style.
- Have the ability to critique art and design works using appropriate artist language and understand the cultural and historical development of different art forms.
- Be confident using a wide range of media and materials to create their own artwork and can master a range of skills and techniques from process to product
