

Writing at Chappel Primary school

Intent

Vision Statement

At Chappel Primary School, we believe that all pupils should be able to confidently communicate their knowledge, ideas and emotions through their writing. We want pupils to acquire a wide vocabulary, a solid understanding of grammar and be able to spell new words by effectively applying the spelling patterns and rules they learn. We want them to write clearly, accurately and coherently, adapting their language and style for a range of contexts, purposes and audiences. We believe that all pupils should be encouraged to take pride in the presentation of their writing, including developing a good, joined, handwriting style by the time they move to secondary school. All good writers can refine and edit their writing over time, so we want to give children the opportunity to evaluate, revise and edit their own work, as well as offer feedback on the work of their peers.

Implementation

We teach writing as whole class lessons, so that all children have access to the skills and knowledge contained in the National Curriculum. Teachers use the Sonar Curriculum to ensure that all the writing skills and genres are covered from EYFS up to Year 6. We use a range of strategies throughout the school, which involve the use of text maps, scaffolding, boxing up, writing toolkits and word banks. The writing process is modelled through engaging cross-curricular topics.

Spellings: Spellings are taught according to the rules and words contained in the English National Curriculum. Children are given spellings to learn each week which focus on the spelling rules and are given a spelling test the following week. In EYFS and Year 1 and 2, spelling is taught in groups according to ability and the differing needs of the children, which will also include the teaching of phonics.

Grammar and Punctuation: Grammar and punctuation knowledge and skills are taught through English lessons as much as possible. Teachers plan to teach the required skills through the genres of writing that they are teaching, linking it to the genre to make it more connected with the intended writing outcome. Teachers sometimes focus on particular grammar and punctuation skills as stand-alone lessons, if they feel that the class need additional lessons to embed and develop their understanding or to consolidate skills.

Presentation: Handwriting is not only taught discretely; it is an integral part to any lesson and is reinforced daily. Children are expected to use joined, legible

handwriting and work towards achieving their pen licence in Year 5 and 6, where they can then write in black pen

Impact

At Chappel, our aim is that children will enjoy writing across a range of genres, make links and apply their skills in cross-curricular topics. Children of all abilities will be able to succeed in all English lessons because work will be appropriately scaffolded. They will have developed a wide vocabulary that they are able to use within their writing and will have a good knowledge of how to adapt their writing based on the context and audience. Children will leave school being able to effectively apply the spelling rules and patterns they have been taught and feel equipped to succeed in the next step of the writing journey.
